# About the NIRC

- The Network of Italian Researchers in the Cape (NIRC) came to be on 29 September 2015 (following a meeting on 14 August 2015 convened by Italian Consul Alfonso Tagliaferri) to bring together fellow Italian nationals variously involved in research activities in South Africa's (Western, Eastern, Northern) Cape Region
- With the continuing support of the Italian Consulate and Embassy we now reach ~50 researchers and provide them with opportunities to engage with the local community as well as with local and international business, government and research partners

**Academic Discipline**

**Institute / University**

# How to get in touch

- Coordinator : Mattia Vaccari - <https://www.mattiavaccari.net>
